

**Luis Estrada, Treasurer**

Luis Estrada has worked exclusively with nonprofits as an experienced Finance Manager and Accounting Professional throughout his career. In 2011, he graduated from Old Dominion University where he earned his Bachelors of Science in Business Administration, double majoring in finance and accounting. While studying at ODU, he connected with a local nonprofit and was inspired to get involved. Through this work, Luis experienced the direct impact of the nonprofit at an individual and community level, which fundamentally changed his professional and personal focus to nonprofits.

From that point on, Luis dedicated himself to serving nonprofits through finance and administration. He has had the privilege of managing the finance departments for a few local nonprofits, where he gained experience in federal and private grant management, donor relations and accounting, general nonprofit administration, accounting information systems, nonprofit tax issues, and overall organizational strategy and management and through this has had the chance to serve those impacted by HIV, the LGBT+ community, and children facing extreme poverty in Nicaragua.

After moving to the healthcare field, Luis continues his nonprofit service through volunteering and consulting for nonprofits on small projects and serving as the Chair of the WHRO Emerging Leaders Board, a board member of the Hampton Roads Young Leaders Roundtable, and NFK FWD. Luis is currently Controller of Westminster Canterbury on Chesapeake Bay, and he lives in Norfolk with his partner, Matthew.
