

Welcome to Resident Camp Fury – Hampton

Required Forms for Camp

Complete the required general camp forms online listed below and submit no later than three weeks prior to your camper's first session at camp. You will also need to complete the required paper forms listed below and return those to Council by mail or in- person at 912 Cedar Rd, Chesapeake, VA 23322, or bring them with you to drop-off or the caregiver meeting.

Required General Camp Forms

Only one set of forms is needed per summer season even if camper is attending more than one week of camp.

- [Summer Camp Info and Health History 2022](#)
- [Camper Medication Form 2022](#) (only needs to be filled out if your camper will be administered medicine while at day camp)
- [Camper Approved Pick Up Form 2022](#)

Required Paper Forms must be mailed or brought to APFG 912 Cedar Rd. Chesapeake, VA 23322

- Recent copy of a doctor physical to attend Camp Fury session
- Camp Fury Sensitive Issues Form (page 9 of this document)
- Camp Fury Waiver (page 8 of this document)

BEFORE CAMP BEGINS

Contacting the Council Office

Refer all questions regarding registrations, fee payment, program changes, and financial assistance to Customer Care at customercare@gsgccc.org, 757-547-4405, or 1-800-77-SCOUT for long distance callers, between the hours of 8:30 a.m.-5 p.m., Monday - Thursday, and 8:30 a.m.-1:30 p.m. on Friday. If you need to check on your camper's well-being while they are with us, email camp@gsgccc.org and we will give you an update on your camper (this email address is checked twice daily, so please be patient).

If you need to contact camp staff with an emergency situation during camp, contact our emergency line at **757-560-4110**.

Covid-19 Information

Girl Scouts of the Colonial Coast (GSGCCC) is excited to open camp this summer for our Girl Scouts. We will continue to monitor the COVID-19 situation and follow guidelines to ensure the safety of our campers, volunteers and staff. You will receive all pertinent information and updates prior to attending camp.

Payment of Camp Fees

The balance due on camp fees is to be paid no later than **three weeks prior to the start of the session your camper is registered for**. If payment is not received by this date, the camp space will be released. **NOTE:** There is a \$50 returned check fee.

Refunds and Cancellations

The \$50 deposit is non-refundable. Cancellations made four weeks or more prior to the camp session will be reimbursed the full amount minus the \$50 deposit. Cancellations made between two and four weeks prior to camp will be reimbursed half of the cost of the session. Cancellations less than two weeks prior to camp and no-shows are non-refundable. Cancellation due to illness will be refunded less the \$50 deposit if accompanied by a

physician's note. If a camper leaves early due to homesickness, unacceptable behavior or parental request, no refund will be made. ALL REQUESTS FOR REFUNDS MUST BE MADE IN WRITING TO CUSTOMERCARE@GSCCC.ORG.

Trading Post

The Trading Post is a mini Girl Scout shop where campers can learn about budgeting, bring home camp keepsakes and pick up forgotten camp gear (water bottles, bandanas, etc.). For your camper to participate in the Trading Post, you can purchase Camp Bucks (\$10 or \$20) for your camper during camp registration. Camp Bucks must be purchased no later than **three weeks prior to the start of the session your camper is registered for**. Keep in mind that Camp Bucks cannot be purchased at check-in and **cash is not allowed at any Resident Camp**. You may also purchase Camp Bucks using cookie credit before the three week deadline.

Resident Camp Care Packages

Make your camper's stay at resident camp memorable with one of our special camp care package options: Ultimate \$30 or Standard \$15. Each package contains fun things your camper will be able to enjoy at camp and at home. These can only be purchased on the Events page and will be delivered to your camper during their week at resident camp (Monday evening or Tuesday morning). Supplies are limited, so order early! Care packages must be purchased **by May 1st** and will not be available to purchase at camp.

In Case of Camper Illness/Injury Prior to Camp

If your camper becomes ill or is injured prior to attending camp, please contact customercare@gscce.org as soon as possible. We will do everything we can to offer your camper an alternative session/program to attend when they are well. If space is not available, or illness is prolonged, a refund, less the \$50 non-refundable deposit, will be made. A letter from your camper's physician will be required to accompany a written refund request.

Getting Your Camper Ready for Camp

Being away from home may be a new experience. Preparing for camp should include becoming used to the idea of separation from home and being physically and emotionally ready for the outdoors. We encourage you to talk to your camper about their feelings about going away to camp. Talk with them about what they can look forward to at camp: fun, friends, new activities and what will be going on in the program they have selected. Focus on the fun! If it's been a lazy sleep-in summer, start getting your camper up early (7 a.m.) about a week before camp starts so their body has a chance to adjust to the time change. If it's been an air-conditioned, couch-potato summer, get outside and be physically active as much as possible. Camp is a very busy, active place with lots of walking and other types of physical activity! Get your Girl Scout in the habit of drinking plenty of water (plain water – not sports drinks, soda or other flavored beverages) before coming to camp. This helps us reinforce the importance of drinking water while at camp. **Be sure to pack a refillable water bottle.**

Electronics

Camp is a special place where campers can go to unplug and step away from the rest of the world. Help ensure that we keep it that way by not sending your camper with electronic devices (cell phone, tablet, smartwatches that send texts or make calls). If you do send electronics with your camper, the electronics will be held in the camp office until parent pick-up. See attached packing list for reference.

If you need to contact camp staff with an emergency situation during camp, contact our emergency line at **757-560-4110 OR** if you need to check on your camper's well-being while they are with us, email camp@gscce.org and we will give you an update on your camper (this email address is checked twice daily, so please be patient).

Arrival at Camp

Checking In and Out of Camp

Campers will be transported to and from Camp Skimino, 448 Fenton Mill Rd, Williamsburg, VA 23188 daily to the daily start location.

Check-In & Caregiver Meeting

- Arrive and check-in on Sunday **no earlier than 2:45 p.m. and no later than 3:45 p.m.** Please follow the directions of staff in the parking lot and back into your parking space.
- Visit the check-in table (bring your luggage with you):
 - Check-in your camper and get information from camp staff as to where you and your camper can meet their unit staff.
 - Drop off camper's gear in the large field or the pavilion (look for signs). Tag the outside of all luggage with camper's full name.
- Visit the Health Check Tent:
 - Your camper will be screened for temperature and lice, along with answering a few simple questions.
- See the health coordinator near the check-in table if your camper has medications or special medical needs:
 - All medications will be collected at this time. Both prescription and over-the-counter medications that are regularly taken must be brought in the original container, clearly marked with the camper's name, physician's name and complete instructions. For all medications, **ONLY BRING THE AMOUNT NEEDED FOR THE STAY AT CAMP.** Inhalers, Epi Pens and other necessary items will be kept in the unit first aid kit that will always be with the campers, unless otherwise noted by parents.
- After completing the check-in process, campers and their caregivers should report to the unit for the Camp Fury Caregiver Meeting. Camp Fury staff will go over information about the week and answer any questions.

Check-Out & Graduation

- Caregivers and family are invited to attend the Camp Fury Graduation and reception to be held on Friday. Time and location will be announced via email.
- Camper check-out is on Friday at the graduation location only. Your camper will have all of their belongings at graduation.

Health Screening

It is the policy of all GSCCC camps not to admit any camper who is not feeling well, has had a fever in the last 48 hours or shows evidence of head lice.

Please be ready to answer the following questions:

- Are there any changes since the caregiver completed the Summer Camp Info and Health History 2022 or Camper Medication Form 2022? If yes, what has changed?
- Has your camper been exposed to any contagious illnesses or diseases?
 - If yes, what? Are they feeling okay now?
 - If not, what is bothering them?

If your camper will be accompanied by someone other than a caregiver at check-in, send a signed note with answers to the questions.

LIFE AT CAMP

Healthcare at Camp

First aid treatment at camp is performed under the guidance of standard first aid protocols. On-site healthcare is provided by the health coordinator or designated first aider.

Should your camper become ill, have a fever or is injured while at camp, the camp director will notify you using the contact information you provided on the Summer Camp Info and Health History 2022. The camp director will work with you to determine the best care for your camper. This may include the camper going home. Any camper who develops a contagious condition while at camp will be sent home. If a camper must leave camp early due to illness, a refund will not be issued.

Some campers may experience bedwetting while at camp. This is fairly common, even in campers who do not normally wet the bed at home. Our staff are trained to handle this situation in a sensitive, confidential way.

Encourage your camper to tell their counselor if they do have a bedwetting accident, so that their items may be washed. If your camper is a regular bed wetter, share this with the health coordinator during the check-in process and send extra sheets and pajamas so we can provide them with a bed that is clean and dry every night.

Some campers experience their first menstrual period while attending camp. We ask that caregivers of menstrual aged campers take time to talk with their campers about menstruation, including proper way of disposal, and to provide them with an adequate amount of appropriate feminine hygiene products.

Campers may be embarrassed to share that they are having a problem such as constipation or a painful rash. Encourage your camper to tell camp staff when they need help or want to see the health coordinator.

Special Considerations

If your camper needs accommodations in any way for medical conditions, special diet, physical limitations, learning difference or anything not listed, please [email email_customer care@gscgcc.org ASAP](mailto:email_customer care@gscgcc.org). The camp director will discuss with you how the camp can best help your Girl Scout to have a positive camp experience. We appreciate your help in making sure your camper has everything they need while at camp.

Visitors

There is not time in the busy camp schedule for visitors. Caregivers can help prepare their campers prior to camp by positively encouraging their campers and by helping them pack their own gear/lunch. Caregivers with specific custody arrangements or other visitor concerns should contact customer care@gscgcc.org ASAP.

If you need to check on your camper's well-being while they are with us, email camp@gscgcc.org and we will give you an update on your camper (this email address is checked twice daily, so please be patient).

If you need to contact camp staff with an emergency situation during camp, contact our emergency line at **757-560-4110**.

Swim Check

Although your camper will be offsite most of the day, if they get a chance to swim, the swim check is designed to help the aquatics staff determine a camper's swimming ability and where they may safely swim in the pool. Each camper is required to demonstrate their level of comfort in the water along with their swimming skills. If you camper cannot swim, they will be provided with a life jacket or required to stay where they can touch the bottom of the pool using a flat foot and with their head fully above water.

Weather and Programming

It rains at camp: In the spirit of camping in the great outdoors, camp activities go on, rain or shine! Camp activities are altered only when weather is severe. Swimming, boating and field sports/games are conducted when it rains except in the case of lightning/thunder or extreme heavy rains. Campers should bring rain gear and a pair of rain boots or extra shoes which can get wet for rainy day activities.

It's hot outside in summer: Campers should come prepared to be outdoors for the majority of the day, every day. This includes being out in the sun and heat of a hot summer day. Pack lots of sunscreen - we encourage sunscreen use and a sun hat for all of our campers. If your camper does not know how to apply it, show them how before attending camp. We encourage caregivers to try the sunscreen on your camper BEFORE camp, as children may experience rashes or allergic reactions. Do not send aerosol sunscreen as the aerosol can damage the tent's water repellency.

Insect Control

It is only natural that campers living, sleeping and playing in a natural environment in the outdoors will encounter insects. The camp works to provide effective insect control that is also environmentally responsible. This includes natural insect control such as encouraging bats and birds to live at camp, as well as commercial methods. Camp does not spray insecticides when campers are in camp.

Campers can bring and use non-aerosol insect repellent (stick and lotion insect repellents work the best). Insect repellent should be a kind that works for mosquitoes, ticks and chiggers. Some natural products are available. Use soap with little or no additional fragrance or oil. Campers should refrain from using shampoo or other products

that have a strong floral or fruit scent. **All campers in platform tent units will be provided with mosquito nets for their use during their stay.**

Showers

Campers will shower each full day of camp. For the safety of our campers, thunderstorms may prevent girls from showering if they are in platform tents. Because our campers walk from their unit to the shower house, we recommend a shower tote and bag to carry clothes, towel, toiletries, soap and shampoo. It is also recommended for younger Girl Scouts who have never showered by themselves to practice before camp.

Male Staff at Camp

The majority of staff who will be working with your camper are female (only female staff live in the campers' living units.) Girl Scouts of the Colonial Coast is an equal opportunity employer and does employ male staff to work in a variety of program and support areas, such as aquatics, property maintenance and in the kitchen. Male staff who stay onsite live in a unit away from any camper living areas and are not permitted in camper living units unless escorted by a female staff member. If having male staff onsite is of concern to you, email us at customercare@gsgccc.org prior to attending camp to discuss your concerns.

Homesickness

Despite the fun, adventure and new friends made at camp, some campers do miss their home. Counselors are trained to recognize homesickness and help the campers. The counselors and other campers are supportive and caring when this happens. Homesickness usually passes quickly once your camper becomes involved in the fun of camp, or makes it through the first night away. We regularly witness remarkable turnarounds with homesick campers – campers may struggle during the first day and have a WONDERFUL time the rest of camp. Some children miss home every night at bedtime but have a great time during the rest of the day. Being away at camp is their chance to practice their independence, and when they work through the homesickness, they have met a real challenge. It is a normal part of growing up for many children to miss their home and family without serious implication. Unless the homesickness is severe, staff usually work with a camper for at least 24 hours after arriving at camp to get them settled into a new routine, make friends and participate in activities before calling home.

Do

- Encourage and reinforce how much fun they will have at camp.
- Talk to your camper about the positive aspects (e.g., swimming, new friends, etc.).
- Let them know how proud you are of them going to camp!
- Reassure them you will be there to pick them up on Friday, and you can't wait to hear all about their time at camp.

Don't

- Suggest that your camper just telephone home OR give them a cell phone or smart watch when attending camp. Campers cannot call home; if the homesickness is severe, the camp director will call the caregiver so that a plan can be made to help your camper transition smoothly, which may include a short phone call with the camper – but only after other avenues have been exhausted and decided with the caregiver.
- Tell them you don't know what you will do without them or the house will not be the same; these things will only worry them more.

Staying In Touch

Mail

It is reassuring for campers to receive mail early during a camp stay. If you would like to leave mail for your camper, you may drop off letters at the special camp mailbox during check-in. Include your camper's name, level and the day you want the letter to be delivered. There is no mail delivery on check-out day (Friday). Remember to use words of encouragement and keep in mind letters from home can trigger homesickness for some campers. We suggest you use phrases such as "enjoy yourself" or "you'll have to tell us all about your week when we pick you up on Friday". Avoid phrases such as, "we miss you a lot" or "your pet hasn't eaten since you left".

For your convenience, we have designated camp@gsgccc.org as the parent to camper email connection during their stay at resident camps. Emails will be checked once a day, in the mornings and printed, and given to your camper during lunch time mail call. We request that you limit emails to no more than one per day per camper. Simply include in the subject line your **camper's name and unit assignment**.

If your camper plans to send letters home, please send stamps and envelopes with your camper. GSGCCC does not provide either during your camper's stay.

Contacting Camp & Camp Director While Camp is in Session

If at any time you have questions or concerns during your camper's stay, email customercare@gsgccc.org. It is the primary responsibility of the camp director and camp leadership team to spend time out in the camp observing program areas and supervising staff. The camp director may not be immediately available to return your email. Regular office hours are Monday – Thursday 8:30 a.m.–5 p.m. and Friday 8:30 a.m.–1:30 p.m. If an emergency happens **after hours**, you may contact staff at GSGCCC using our emergency line: 757-560-4110 and they will notify the camp director.

After Camp Is Over

Concerns and Problems

GSGCCC operates with high standards to ensure your camper has a quality experience at camp. If you have concerns regarding the experience your camper had at camp, we want to know as soon as possible. Feel free to contact customercare@gsgccc.org.

Lost and Found

At check-out, check your camper's luggage with them to make sure you have all of their bags. Remember, they have packed differently for the trip home. Labeling all items with your camper's full name instead of initials will help with recovering lost items. Email customercare@gsgccc.org as soon as possible to retrieve lost items. You will be responsible for any shipping charges. Girl Scouts of the Colonial Coast is not responsible for any lost or stolen items. Camp only holds lost items for one week after the end of a session.

Resident Camp Fury Packing List

Label all clothing and equipment with camper's full name.

Standard Items:

1	Small backpack to carry daily with a change of clothes- Important!
2	One-piece swimsuits required (must be solid material; cannot be see-through)
1	Pair of water shoes
2	Towels (bring each day), 2-3 washcloths
8	Pairs of underwear
8	Pairs of socks
8	Extra t-shirts or shirts (sweatshirts are not appropriate for hiking) NO tank tops. Wear provided Camp Fury t-shirt and bring extra t-shirt each day.
8	Pairs of athletic shorts (fingertip length)
2	Sturdy shoes (e.g., tennis shoes, hiking boots or trail shoes due to uneven terrain, and rain boots)
2	Pairs of jeans or pants
1	Laundry bag (mesh if possible)
1	Waterproof raincoat (adequate to "keep going" in the rain)
1	Baseball cap or sunhat
1	Pillow with 2 pillowcases
1	Sheet and blanket (or sleeping bag)
1	Flashlight with extra batteries
2	Refillable water bottles- Important!
1	Sunblock/sunscreen (stick or lotion)
1	Insect repellent (stick or lotion)
1	Mess kit with fork, knife and spoon

Toiletries:

- Hairbrush or comb
- Haircare items (hair ties, etc.)
- Toothbrush and toothpaste
- Personal health and sanitary needs
- Antibacterial soap (liquid recommended)
- Shampoo and conditioner
- Shower shoes (flip flops are acceptable)
- Shower tote (optional)

Optional:

- Camera
- Stuffed sleeping buddy/favorite blanket
- Battery-operated fan
- Notebook and pencil or pen
- Book for quiet time
- Sunglasses
- 2 stamped envelopes (pre-addressed for younger campers)

Prohibited Items:

<ul style="list-style-type: none"> • Clothes you don't want to get destroyed • Clothing that displays inappropriate language or graphics • Alcohol • Pets • Tobacco • Cash/Money 	<ul style="list-style-type: none"> • Weapons • Toys such as fidget spinners • Irreplaceable items • Candy, food or beverages will be confiscated (these attract bugs and other critters) • Electronic devices*
--	---

***Cell phones, smartwatches that can text or call, tablets, game devices, etc. will be held by the camp director or Camp Fury Staff if brought to camp and will be kept in the camp office until parent pick-up.**

Keep pages 1 - 7 for your records.

Camp Fury Sensitive Issues Form

Part I: This portion is to be kept by caregiver.

Position Statement

In order to be responsive to campers’ needs and interests, some Girl Scout activities focus on subjects that may be considered sensitive or controversial. There is no definitive list of these subjects. In general, topics of a highly personal nature such as human sexuality, religious beliefs, and cultural and family values are regarded as sensitive. The Girl Scout volunteer’s role is as a caring adult who can help girls acquire their own skills and knowledge. Girls are encouraged to see that each family has its own way of doing things based on family customs, cultural background, lifestyles and so on.

Caregivers

Each Fury Camper is to have written approval from their caregiver to participate in sensitive issue related activities. If you have any questions or would like to discuss our plans, please contact customercare@gsgccc.org. Attendance is optional for all or part of the activities listed.

Activity

These general topics may be covered during Camp Fury: health, hygiene, consent and personal safety.

Part II: To be completed by caregiver and turned into Council. This portion is to be kept by Camp Fury volunteer.

Complete this form in addition to the required general camp forms (which are online) and submit to the Council three weeks before the start of your camper’s session by mailing or bringing them in-person to APFG at 912 Cedar Rd, Chesapeake, VA 23322.

My camper:

- has my permission to participate in the Camp Fury activity (see above).
- does not have my permission to participate in the Camp Fury activity (see above).

Camper’s First Name:	Middle Name:	Last Name:
Caregiver’s Name:	Phone:	

Caregiver’s Signature: _____ Date: _____

Guidelines

Consultants and leaders understand and adhere to Girl Scout national guidelines and the Girl Scout position on sensitive issues. Consultants and resources selected will provide an informative rather than an advocacy point of view.
