The Girl Scouts of the Colonial Coast owns and manages several properties across our region to help provide the absolute best leadership experience for girls in our community. Each property provides a unique opportunity and a variety of experience for all Girl Scouts. Your service unit most likely has a favorite location. Is it venturing into the Outback as part of one of our day camps? Or renting the Lodge as a home away from home. Or maybe, just maybe, it is building a campfire at one of our four amazing camps...

Regardless of your favorite GSCCC property, all our properties need constant care and upkeep to maintain a safe and inviting environment for our troops. We are reaching out to your service unit to ask that you adopt a project to help our property team complete several outstanding projects throughout all of our properties. With your service unit’s support, we can ignite the fire in all Girl Scouts, build them of courage, confidence, and character. As a Girl Scout, you know every fire has a purpose. Our purpose for this request is to maintain our beautiful properties and update them so that all future Girl Scouts can unleash her inner G.I.R.L. (Go-getter, Innovator, Risk-taker, Leader). Although not every project is glamorous, we ask that you reflect with your service unit and choose a project that will truly make a difference in creating that experience for every girl.

We ask that you help us build this fire using one of our levels of support, The Kindling, The Spark, The Flame, and The Fire.
