**Girl Scouts receives grant from United for Children to fund Space Science program**

Girl Scouts of the Colonial Coast (GSCCC) has been awarded a \$2,500 grant from United for Children to support Space Science programming at five different locations in southeastern Virginia. At least 100 girls are expected to benefit from the Space Science program, which will allow them to earn STEM focused badges.

Girl Scouts introduces girls to STEM to help them see how they can improve the world. With the help of donations like the one from United for Children, GSCCC is able to deliver a one-of-a-kind Girl Scout Leadership Experience to more girls in southeastern Virginia and northeastern North Carolina.
