Benefits of Girl Scout Camp!

Leadership Skill-building

In a Girl Scout nurturing and encouraging environment, campers are more comfortable trying new outdoor activities and take the lead.

Grow Grit

The truth is, campers might scrape a knee or elbow while they're away—and that's a good thing! They'll learn to get back up after minor setbacks, like scrapes and bumps, they'll build resilience and learn that they are a lot tougher than they think.

Gaining Independence

Being away from home might be a bit intimidating to both your camper and you. But having that time away to explore and try activities builds self-reliance.

Tech Free Zone

Getting out in nature, soaking up the sun, or dashing inside during a sudden downpour is way more exciting than any app can supply. Unplugging for a while will keep campers more present and truly enjoying every moment instead of simply watching it from a screen.

Mentorship

Having a variety of awesome role models will help your camper see the many ways to be successful and happy in life. And our incredibly supportive staff and counselors are ready to step up to the plate and inspire!

Make New Friends

There's nothing quite like giggling over games in the bunk or singing songs with new besties around a campfire. Having a diverse group of friends, not just kids your camper knows from school, will broaden their horizons and help them see their own worth, too.

Time to Play

Playtime is anything but a waste of time. In fact, studies show that play allows the neurons in a child's brain to form new connections—and that this rewiring helps boost emotional intelligence, decision-making skills, creativity, and problem-solving abilities.

Welcome to Girl Scout Camp 2025!

Dear Parents & Caregivers,

Girl Scout summer camp is full of adventure here at Girl Scouts of the Colonial Coast! There's so much fun and excitement in store for our 2025 season, and our trained and caring staff members are looking forward to welcoming your Girl Scout. Staff are prepared to support all campers through new discoveries, helping them engage in activities designed with their interests and abilities in mind.

While for some families, preparing for camp and spending the summer outdoors is a family tradition, for others, this will be a "first" and there may be some anxious moments. No matter what your family's experience has been, we aim to make it a smooth, happy time, from registration to drop-off. We have put together this guide to help prepare your family for camp and make your camper's experience safe, fun, and fulfilling. We encourage you to read through and share the information in this guide with your Girl Scout before camp begins. It contains answers to many of your questions — and maybe even some you didn't think to ask! If you have any further concerns when you are through, please do not hesitate to reach out to us using the contact information below.

Welcome to Girl Scout Camp!

WHERE WILL MY CHILD SLEEP?

Sleeping arrangements at overnight camp vary. Some of the various accommodations available at Camp Skimino include cabins and platform tents.

WHAT ARE THE MEALS LIKE?

There is nothing like activity and fresh air to make a camper HUNGRY! Camp meals and snacks are healthy and are foods kids like. We offer a vegetarian alternative upon request. During breakfast, a cereal bar and fruit are available in addition to the main meal. During lunch and dinner, we offer a fresh salad bar as a supplement to the main meal. Most meals are prepared by our kitchen staff and eaten in the dining hall. Campers have the opportunity to cook at least once with their unit (weather permitting). Most diets (gluten-free, diabetic, kosher, vegetarian, vegan, allergies, etc.) can be accommodated by contacting customercare@gsccc.org two weeks before camp session. We follow the American Heart Association and Diabetes Association nutritional guidelines.

DO CAMPERS GET TO CHOOSE THEIR ACTIVITIES?

Yes, each unit program offers specialized activities that campers will participate in. Campers will take part in planning which will give them an opportunity to pick some of the additional areas of focus and activities during their session.

CAN MY CAMPER ATTEND CAMP WITH A BUDDY/FRIEND?

During registration, one buddy's name can be listed. Buddies must be entering the same grade in the fall and must register for the same session.

CAN MY CAMPER CALL HOME DURING THE WEEK?

No. We encourage independence and self-reliance during camp. The camp director will contact caregivers if a camper has a medical problem, is excessively homesick or if there is an emergency. Please discuss this with your child prior to camp.

WHAT ABOUT STORMS?

Safety of our campers is our top priority so outdoor activities are dependent on the weather. Should we need to adjust activities due to unsafe weather conditions, your camper will instead enjoy other activities that can be done indoors.

HOW DO I KNOW MY CAMPER IS IN GOOD HANDS?

Safety is our number one priority. Our camps operate by the standards of Girl Scouts of the USA, which meet or exceed the standards of local and state health departments. Camp staff are carefully chosen and interviewed for their skills and abilities, belief in the ideals of Girl Scouting, love of the outdoors, and passion for children's education. Many are college students, as well as Girl Scouts and former campers. Girl Scouts of the Colonial Coast celebrates Girl Scouting's worldwide connections by hiring a selective group of counselors and staff from the United States and abroad.

CAMP STAFF TRAINING

All staff complete intensive training related to their position, including first aid, CPR, camp craft skills, child development, waterfront skills, and conflict management.

DOES MY CAMPER NEED A PHYSICAL?

No, but an up-to-date Camper Health History form must be completed online for every camper. Please help us provide adequate care for your Girl Scout by giving information about their health that will make their stay at camp happy and healthy. **However, Camp Fury campers are required to submit a copy of their latest physical.**

HOW DOES THE CAMP HANDLE HEALTH CARE?

There is a health center located at every camp and staffed around the clock by a health coordinator, who is certified in first aid and CPR. Caregivers are always contacted at the earliest opportunity in the event of serious injury or illness during camp. Each camp has an ongoing relationship with a health care facility nearby for consultation and emergency medical services if needed.

CAN I BRING MAIL TO CAMP OR DO I MAIL IT?

We recommend you hand-carry mail and leave it at check-in. Don't forget to put your camper's name, unit and what day you would like the mail delivered. Alternatively, we have designated camp@gscoc.org as the caregiver-camper email connection during their stay at overnight camp.

Emails will be checked once a day, printed and given to your camper during mail call at lunch. We request that you limit emails to one per day. Simply include your camper's name and unit name in the subject line. Do not include photos in your emails as we cannot accommodate printing

WHAT ARE KAPERS?

Kapers are chores; it is important in Girl Scouting to learn that everyone must do their share. Sharing the kapers helps to keep the camp program site tidy and safe. Responsibilities are rotated among the campers and could include picking up litter, collecting firewood, lending a hand preparing meals and cleaning up, and cleaning bathrooms. This takes place in small groups and camp staff also participate in each of these activities.

WILL MY CAMPER EARN BADGES AT CAMP?

Yes, at the end of each week if a badge or award was completed, your camper will receive it on the last day of the program.

ARE ELECTRONICS ALLOWED AT CAMP?

No. At Girl Scout camp, we believe we are visitors in the great outdoors. We live side-by-side with bugs, animals and nature in simple living accommodations. While campers are enjoying their day or overnight camp session, we require all campers to leave electronics, including smart watches, at home. We do not have phones or computers for the campers to use, as we want them to enjoy their experience while not being distracted.
